Job Description

We are seeking a dynamic and technically strong Tech Lead with 7–10 years of IT experience, specializing in the Microsoft technology stack. The ideal candidate will lead development and architecture efforts, while also playing a pivotal role in responding to RFPs, mentoring team, engaging with onsite team and managing delivery across onsite and offshore. Preferably from Public Sector Domain.

- Lead design and development using .NET, ASP.NET, MVC, MS SQL, Azure, Dynamics 365, and Power BI
- Work closely with Miracle consultants to guide skill development and align them to suitable client projects
- Participate in client calls, demos, and present technical proposals confidently
- Create high-quality, winning RFP responses and technical proposals
- Travel onsite as needed to initiate projects, build rapport, and establish delivery frameworks
- Collaborate with offshore teams for smooth project execution and knowledge transfer
- Represent the company at industry conferences, partner events, and client meetings
- Provide technical mentorship, enforce coding best practices, and drive innovation

Required Skills & Experience

- 7–10 years of IT experience with strong hands-on expertise in:
- .NET / .NET Core, C#, Python, Powershell
- ASP.NET & MVC Framework
- Microsoft SQL Server
- Microsoft Azure (App Services, Functions, DevOps, Storage, SQL, etc.)
- Dynamics 365 (CE/CRM modules)
- Power BI (dashboard creation, data modeling, integration)
- Strong presentation, proposal writing, and communication skills
- Experience leading or mentoring technical teams
- Ability to coordinate across onsite and offshore delivery models
- Willingness to travel for project onboarding and client engagement

Preferred Skills

- Familiarity with Power Apps and Power Platform solutions
- Hands-on experience with Azure DevOps (Repos, Pipelines, Boards)
- Experience with government or enterprise RFP responses
- Microsoft certifications (Azure, Dynamics, Power BI)

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- Bachelor's degree, preferably in Computer Science, Information Technology, Computer Engineering, or related IT discipline; or equivalent experience
